Worth a closer look

From the FMCSA record. The grade already counts the safety items; insurance filings and links to other motor carriers are not in it.

Nothing on the FMCSA record stands out.

Data flags

- **Limited inspection history** — Fewer than 5 roadside inspections on record, so there isn't enough data to score this motor carrier with high confidence — the score leans more on peers.

Intrastate fleets of 1 truck in Texas are rarely inspected: under 1 inspection would be typical in 24 months for a fleet this size; 74% of them had none.

Compared with 9,895 peer fleets
