Summary

Not enough record to grade yet.

No inspections and 1 crash on the FMCSA record in 24 months fit anything from an Excellent fleet to a Poor one.

Similar fleets: interstate fleets of 1 truck with the same kind of operation, years in business and amount of road activity. Compared using its own crash record and roadside inspections.

0.1 vs 0.0

expected crashes in the next 12 months, vs 0.0 for similar fleets

Most likely none

A record this thin can't pin that down: about a 1-in-3 chance it runs at Poor-level crash rates.

Ask

Loss runs for the last 3 years, and confirm the fleet is operating at its filed size (1 power unit).

What the record shows

Crash history

better worse

Too little record to tell. 1 crash on the FMCSA record in 24 months (about 0.5 a year); similar fleets have under 0.1 a year.

Roadside inspections

better worse

No roadside record. No inspections in the scoring window, so roadside results leave its estimate at typical.

Notes on this record

> **Advisory grade — outside the ranked book**
> Fleets under 10 power units are graded against their size cohort for reference, but sit outside the 10+ power-unit underwriting book the FRED rank covers.

FMCSA status today

Operating authority	✓ Operating authority active
Insurance / authorization	✓ Liability $750K on file (req. $750K)
Out of service	✓ Not out of service
Safety rating	– No FMCSA safety rating

Worth a closer look

From the FMCSA record. The estimate already counts the safety items; insurance filings and links to other motor carriers are context only.

FMCSA suspension notice pending

FMCSA served a notice on Oct 24, 2026: the operating authority will be suspended on Nov 23, 2026 unless the missing filing is restored. The notice does not say which filing. Not in the grade.

Ask: which filing lapsed and whether it has been refiled.

Strengths

- 1 crash in 24 months. No injuries, no fatalities.

Data flags

- **Limited inspection history** — Fewer than 5 roadside inspections on record, so there isn't enough data to score this motor carrier with high confidence — the score leans more on peers.
