Summary

Not enough record to grade yet.

3 inspections and no crashes on the FMCSA record in 24 months fit anything from an Excellent fleet to a Poor one.

Similar fleets: interstate fleets of 2–5 trucks with the same kind of operation, years in business and amount of road activity. Compared using its own crash record and roadside inspections.

0.1 vs 0.1

expected crashes in the next 12 months, vs 0.1 for similar fleets

Most likely none

A record this thin can't pin that down: about a 1-in-8 chance it runs at Poor-level crash rates.

Ask

Loss runs for the last 3 years, and confirm the fleet is operating at its filed size (3 power units).

What the record shows

Crash history

better worse

Too little record to tell. 0 crashes on the FMCSA record in 24 months; similar fleets have about 0.1 a year.

Roadside inspections

better worse

Better than peers. Out-of-service orders 0.61×, violations 0.65× and unsafe-driving and hours-of-service violations 0.77× the rate expected for its inspections. Together they move its crash estimate -10%: roadside results weigh far less than crash history.

Notes on this record

Advisory grade — outside the ranked book

Fleets under 10 power units are graded against their size cohort for reference, but sit outside the 10+ power-unit underwriting book the FRED rank covers.

No interstate operating authority

This carrier is not authorized for interstate for-hire operations. They may still operate legally as an intrastate for-hire carrier.

FMCSA status today

live check · Nov 8, 2026, 1:28 AM CT

Operating authority	– No for-hire/broker operating authority on file (common: None, contract: None, broker: None)
Insurance / authorization	✓ Liability $1M on file (req. $1M)
Out of service	✓ Not out of service
Safety rating	– No FMCSA safety rating

Worth a closer look

From the FMCSA record. The estimate already counts the safety items; insurance filings and links to other motor carriers are context only.

Nothing on the FMCSA record stands out.

Data flags

- **No active operating authority** — The motor carrier's interstate for-hire authority is revoked or inactive, so it isn't currently cleared to haul interstate for hire.
- **Limited inspection history** — Fewer than 5 roadside inspections on record, so there isn't enough data to score this motor carrier with high confidence — the score leans more on peers.
