Worth a closer look

From the FMCSA record.

> **Little roadside history**
> Only 0 inspections in 24 months for 8 power units, where interstate fleets of 6–9 trucks in New York average about 9; the record says little either way.
> Ask: confirm the fleet is operating at the filed size (the MCS-150 was last updated Jul 2024).

Data flags

- **Limited inspection history** — Fewer than 5 roadside inspections on record, so there isn't enough data to score this motor carrier with high confidence — the score leans more on peers.
