Summary

Too little record to tell how this motor carrier's crash rate compares with similar fleets.

Similar fleets: interstate fleets of about 2 trucks with the same kind of operation, years in business and amount of road activity. Compared using its own crash record and roadside inspections.

Worth a closer look

From the FMCSA record. The grade already counts the safety items; insurance filings and links to other motor carriers are not in it.

Nothing on the FMCSA record stands out.

Data flags

- **Limited inspection history** — Fewer than 5 roadside inspections on record, so there isn't enough data to score this motor carrier with high confidence — the score leans more on peers.
