Notice 5

The FRED Score is an analytical opinion, not an FMCSA safety rating. Data sourced from FMCSA. Read the full notice on page 5.

Summary

Not enough record to grade yet.

No inspections and no crashes on the FMCSA record in 24 months fit anything from an Excellent fleet to a Poor one.

Similar fleets: interstate fleets of 20–49 trucks with the same kind of operation, years in business and amount of road activity. Compared using its own crash record and roadside inspections.

0.2 vs 0.3

expected crashes in the next 12 months, vs 0.3 for similar fleets

Likely 0–1 crashes

A record this thin can't pin that down: about a 1-in-9 chance it runs at Poor-level crash rates.

Ask

Loss runs for the last 3 years, and confirm the fleet is operating at its filed size (35 power units).

What the record shows

Crash history

better worse

Too little record to tell. 0 crashes on the FMCSA record in 24 months; similar fleets have about 0.3 a year.

Roadside inspections

better worse

No roadside record. No inspections in the scoring window, so roadside results leave its estimate at typical.

Notes on this record

Exposure unverified

The expected crashes in this report assume the filed fleet of **35** power units is real, but the roadside record corroborates little of it — **0** units seen in 24 months, 0.00 inspections per filed unit-year. Verify the fleet size before relying on the crash expectation.

Mileage data quality

Mileage per power unit is unusually low for a fleet of this size.

FMCSA status today

live check · Nov 8, 2026, 2:26 AM CT

Operating authority	✓ Operating authority active
Insurance / authorization	✓ Liability $1M on file (req. $300K)
Out of service	✓ Not out of service
Safety rating	– No FMCSA safety rating

Worth a closer look

From the FMCSA record. The estimate already counts the safety items; insurance filings and links to other motor carriers are context only.

Filed fleet not seen on the road

Only 0 of the 35 filed power units were seen at a roadside inspection in 24 months (0 inspections in all). The crash expectation assumes all 35 are running.

Ask: how many trucks are actually operating, with the vehicle schedule (the MCS-150 was last updated Jul 2026).

Data flags

- **Limited inspection history** — Fewer than 5 roadside inspections on record, so there isn't enough data to score this motor carrier with high confidence — the score leans more on peers.

Roadside and crash record

last 24 months · grade scored on Oct 1, 2023 → Oct 31, 2026

0	0	—	—	0
Crashes	**Inspections**	**Vehicle out-of-service**	**Driver out-of-service**	**Violations**
0 fatalities · 0 injuries · 0 tow-aways	roadside inspections	no inspections National avg 22.3%	no inspections National avg 6.7%	0 out-of-service

Inspected less often than interstate fleets of 20–49 trucks in Rhode Island (about 31 in 24 months would be typical).

Compared with 10,543 peer fleets

YEARLY RATE	PER POWER UNIT	PEERS
Crashes	0.000	0.029
Inspections	0.00	1.12
Violations	0.00	0.78
Critical violations	0.00	0.15

Yearly rates from the last 24 months. Peers: interstate fleets, 20–49 power units, medium-risk cargo. Inspections per power unit look like an outlier against peers; read the per-unit rates with care. Reported mileage is unreliable, so per-mile rates aren't shown.

Violations

0 in 24 months

No violations on the FMCSA record in the last 24 months.

Crashes

24 months

No reportable crashes on the FMCSA record in the last 24 months.

Insurance filed with FMCSA

FMCSA record through Nov 7, 2026

Today · live FMCSA check

Liability (BIPD)	**$1M on file · req. $300K**
Cargo	**not required**
Bond	**not required**

On FMCSA's filing record

Liability (BIPD)

$1,000,000 · Old Republic Insurance Company

on record since Mar 3, 2023 · FMCSA minimum $300,000

Cargo filing

not required by FMCSA (household-goods motor carriers only); the cargo policy is not on FMCSA's record

36 months to Nov 7, 2026

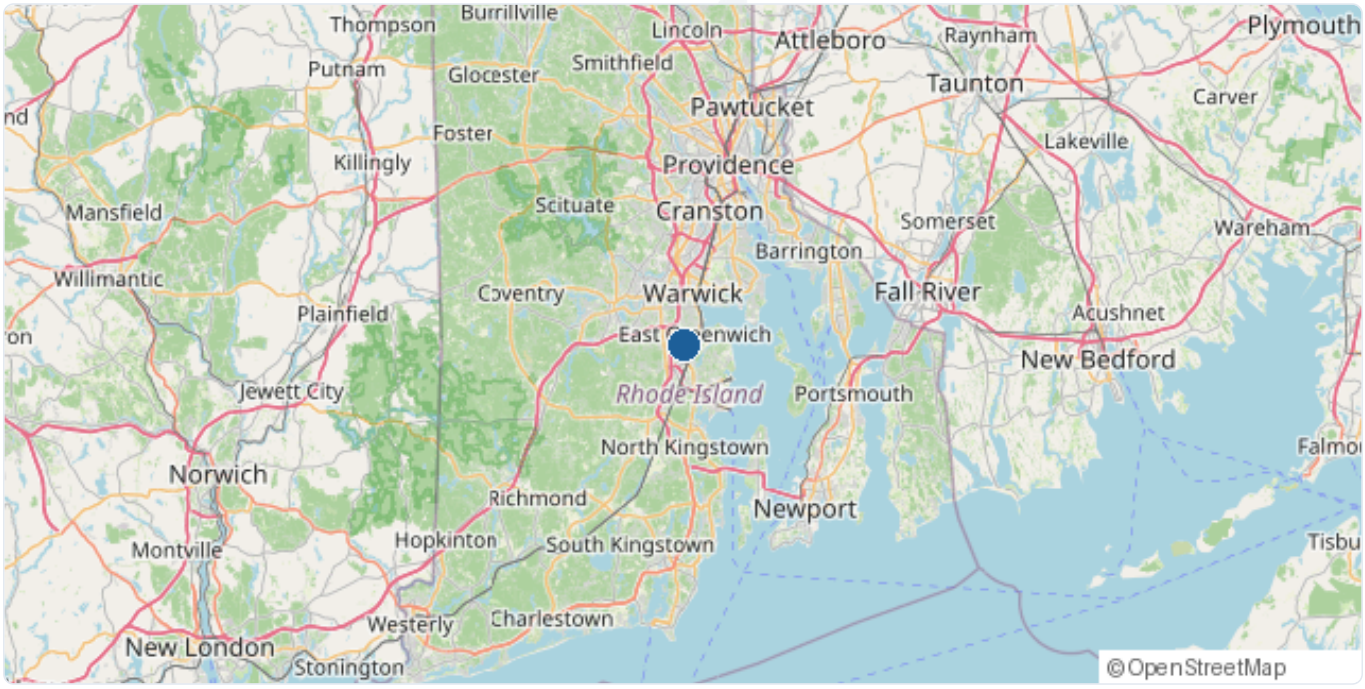

- One liability insurer throughout
- No gap in filed liability coverage while liability was required

Operating authority active (FMCSA's new registration system, status since Apr 5, 2023)

FMCSA filings only, not a policy audit. Not part of the FRED grade.

Cargo risk 56.9 · medium

Liquids/Gases | General Freight | Other: PAPER PRODUCT

High-risk cargo: General Freight

"General Freight" is a catch-all; the actual cargo mix and its risk may differ.

Estimated from the commodity types reported to FMCSA, not from loss history or the true cargo mix.

NOTICE

Data sourced from FMCSA. The FRED Score is an analytical opinion and is not an FMCSA safety rating. Unless a motor carrier has received an Unsatisfactory safety rating under 49 CFR Part 385 or has otherwise been ordered to discontinue operations by FMCSA, it is authorized to operate.
