Notes on this record

Stale MCS-150 filing
This motor carrier has not updated its MCS-150 in over 3 years. Reported mileage and fleet size may be outdated.

Intrastate operation
Runs within Ohio only. Intrastate fleets in Ohio are inspected about 1 a year for every 13 trucks; interstate fleets, about 1 a year for every 2 trucks. So this record rests mainly on crash reports, which states file for intrastate trucks too, and few inspections are ordinary here.

Nothing on the FMCSA record stands out.

Data flags

- **Limited inspection history** — Fewer than 5 roadside inspections on record, so there isn't enough data to score this motor carrier with high confidence — the score leans more on peers.
